COLLECTION

Synergy

Tre collezioni bagno Synergy dal design organico, con forme che traggono ispirazione dalla natura e dai suoi elementi.

Three Synergy bathroom collections marked by the organic design, with shapes that take their inspiration from nature and its elements.

A&D Architecture & Design sintetizza l'identità dei cataloghi **FIR ITALIA**, pensati per soddisfare le esigenze specifiche di *architetti e designer di interni*, ma anche di *professionisti della vendita e utenti finali*.

Un catalogo che guarda alla rivista, andando oltre l'illustrazione **emozionale** degli articoli, abbracciando anche l'aspetto **funzionale** e di utilizzo, proponendosi come strumento di lavoro e di supporto in maniera completa.

Per facilitarne e guidarne la consultazione, è stato suddiviso in **aree** (lavabo, bidet, vasca, doccia) e in **tipi di installazione** (al piano e a parete).

Inoltre, ad ogni articolo è associata una **didascalia dettagliata**, a indicare codice articolo, tipologia, tipo di installazione, collezione e finitura.

Le pagine conclusive, infine, sono dedicate a **Soluzioni e Configurazioni**, un riepilogativo che propone suggerimenti utili per scegliere e combinare i diversi articoli nelle varie aree del bagno. In questa sezione, insieme a schemi intuitivi, compaiono anche foto e codici degli articoli che rimandano al nostro listino prezzi.

A&D Architecture & Design synthesizes the identity of the new **FIR ITALIA** catalogues, expressly conceived to cater to the specific demands of *architects and interior designers*, but also to those of *sales professionals and of end users*.

A catalogue with an eye to the magazine format, that goes beyond the **emotional** illustration of the articles, also embracing the **functional** and usage aspects, proposing itself as a thorough work and supportive instrument.

To facilitate and guide its consultation, the catalogue has been subdivided into **areas** (wash basin, bidet, bath, shower) and into **types of installation** (deck-mounted and wall-mounted). Moreover, a **detailed caption** is associated to each article, indicating article code, type, installation, collection and finishing. Finally, the conclusive pages are dedicated to **Solutions and Configurations**, a summary that proposes useful suggestions to choose and combine the different articles in the various areas of the bathroom. In this section, along with intuitive diagrams, article photos and codes are displayed, that refer to our price list.

Synergy

THE CONCEPT

Fonti di ispirazione Sources of inspiration

«Abbiamo voluto rendere omaggio alla natura: da sempre vento, acqua e sole agiscono insieme sinergicamente - da qui il nome Synergy - plasmando la materia istante dopo istante, per centinaia, migliaia, a volte milioni di anni, facendole assumere una forma ogni volta sempre diversa.»

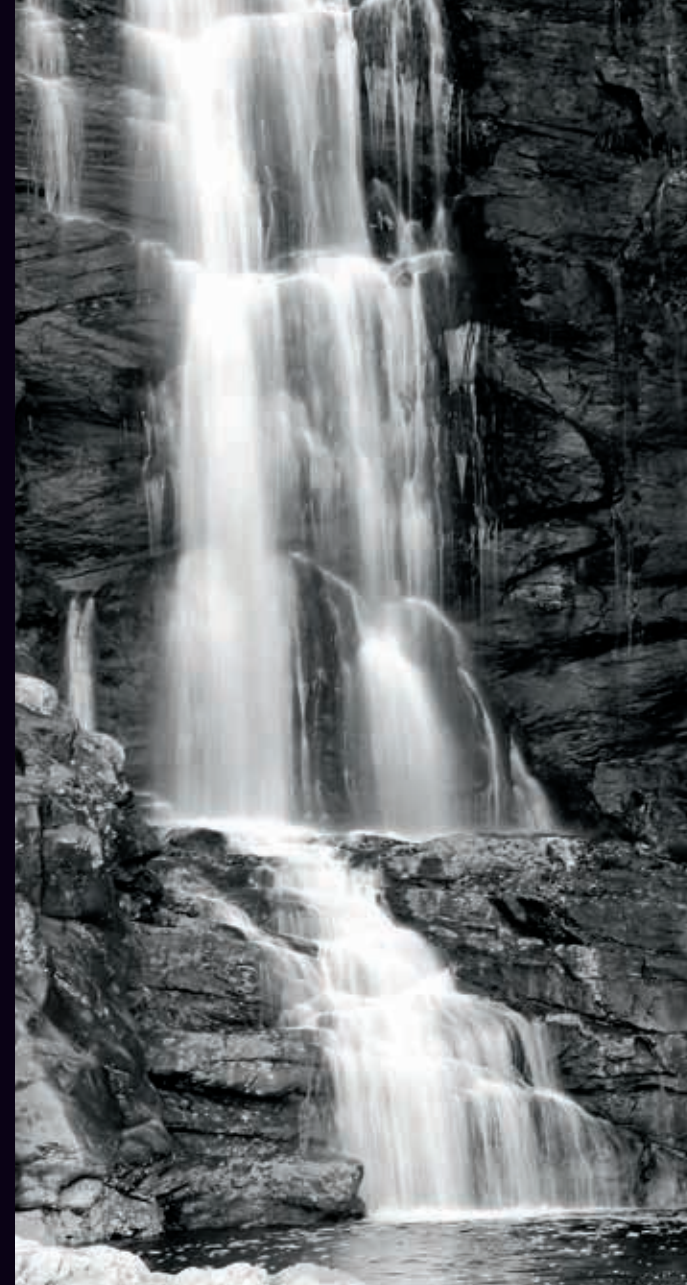

«We wanted to pay homage to nature: wind, water and sun have always been working together - hence the name Synergy - shaping matter moment by moment for hundreds, thousands, sometimes millions of years, sculpting it differently each time.»

Francesco Molteni
SYNERGY DESIGNER

Synergy

THE CONCEPT

Fonti di ispirazione
Sources of inspiration

FRANCO MULESE
SYNERGY DESIGNER

Vento

«Il respiro del vento accarezza la materia, ne plasma le forme, creando scenari unici e irripetibili.»

Wind

«The breath of the wind caresses the matter, moulds its shapes, creating unique and unrepeatable settings.»

Acqua

«L'acqua, con le sue onde, lascia il segno del suo passaggio sulla sabbia e sulla pietra, attimo dopo attimo.»

Water

«The water, by means of its waves, leaves the mark of its passage on the sand and stone, moment after moment.»

Sole

«I raggi solari riscaldano la terra, la velano con una luce dorata e le infondono calore, modellandone la superficie per erosione.»

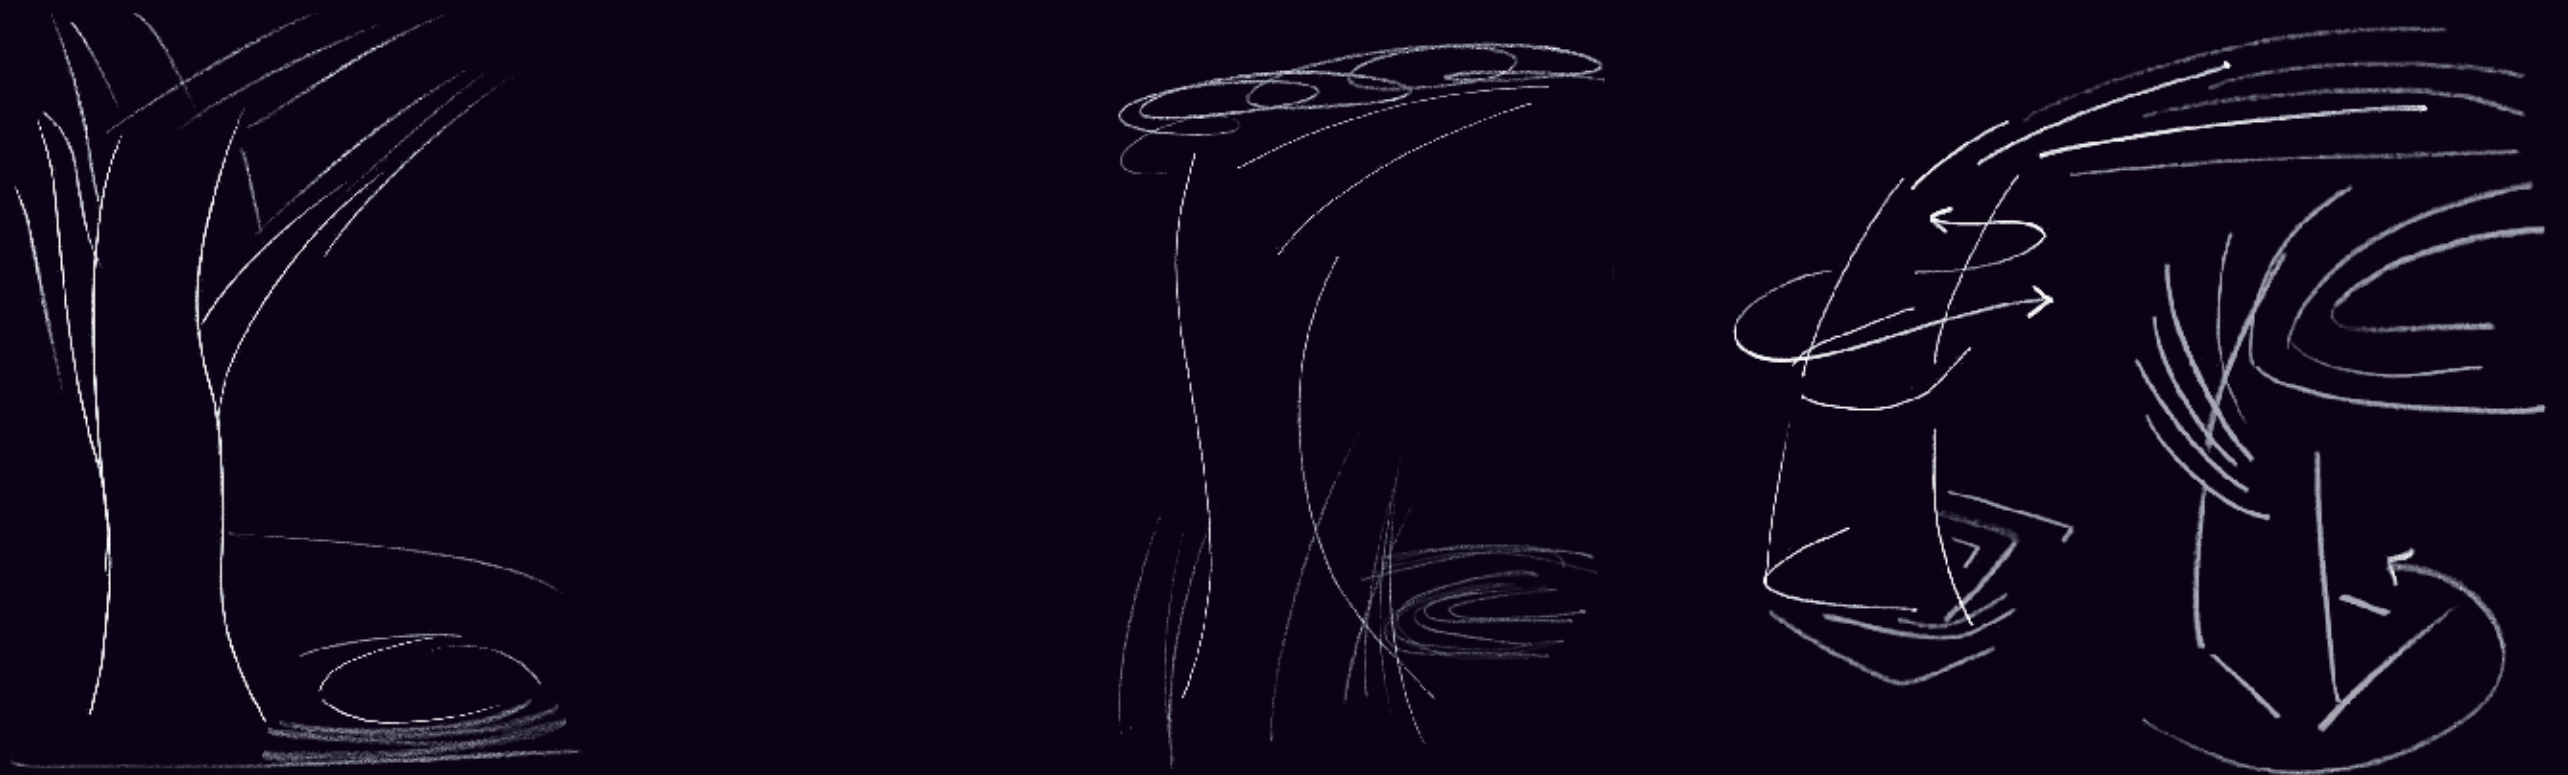

Sun

«The sun rays warm the earth up, they veil it by a golden light, give it warmth and model the surface by erosion.»

Synergy

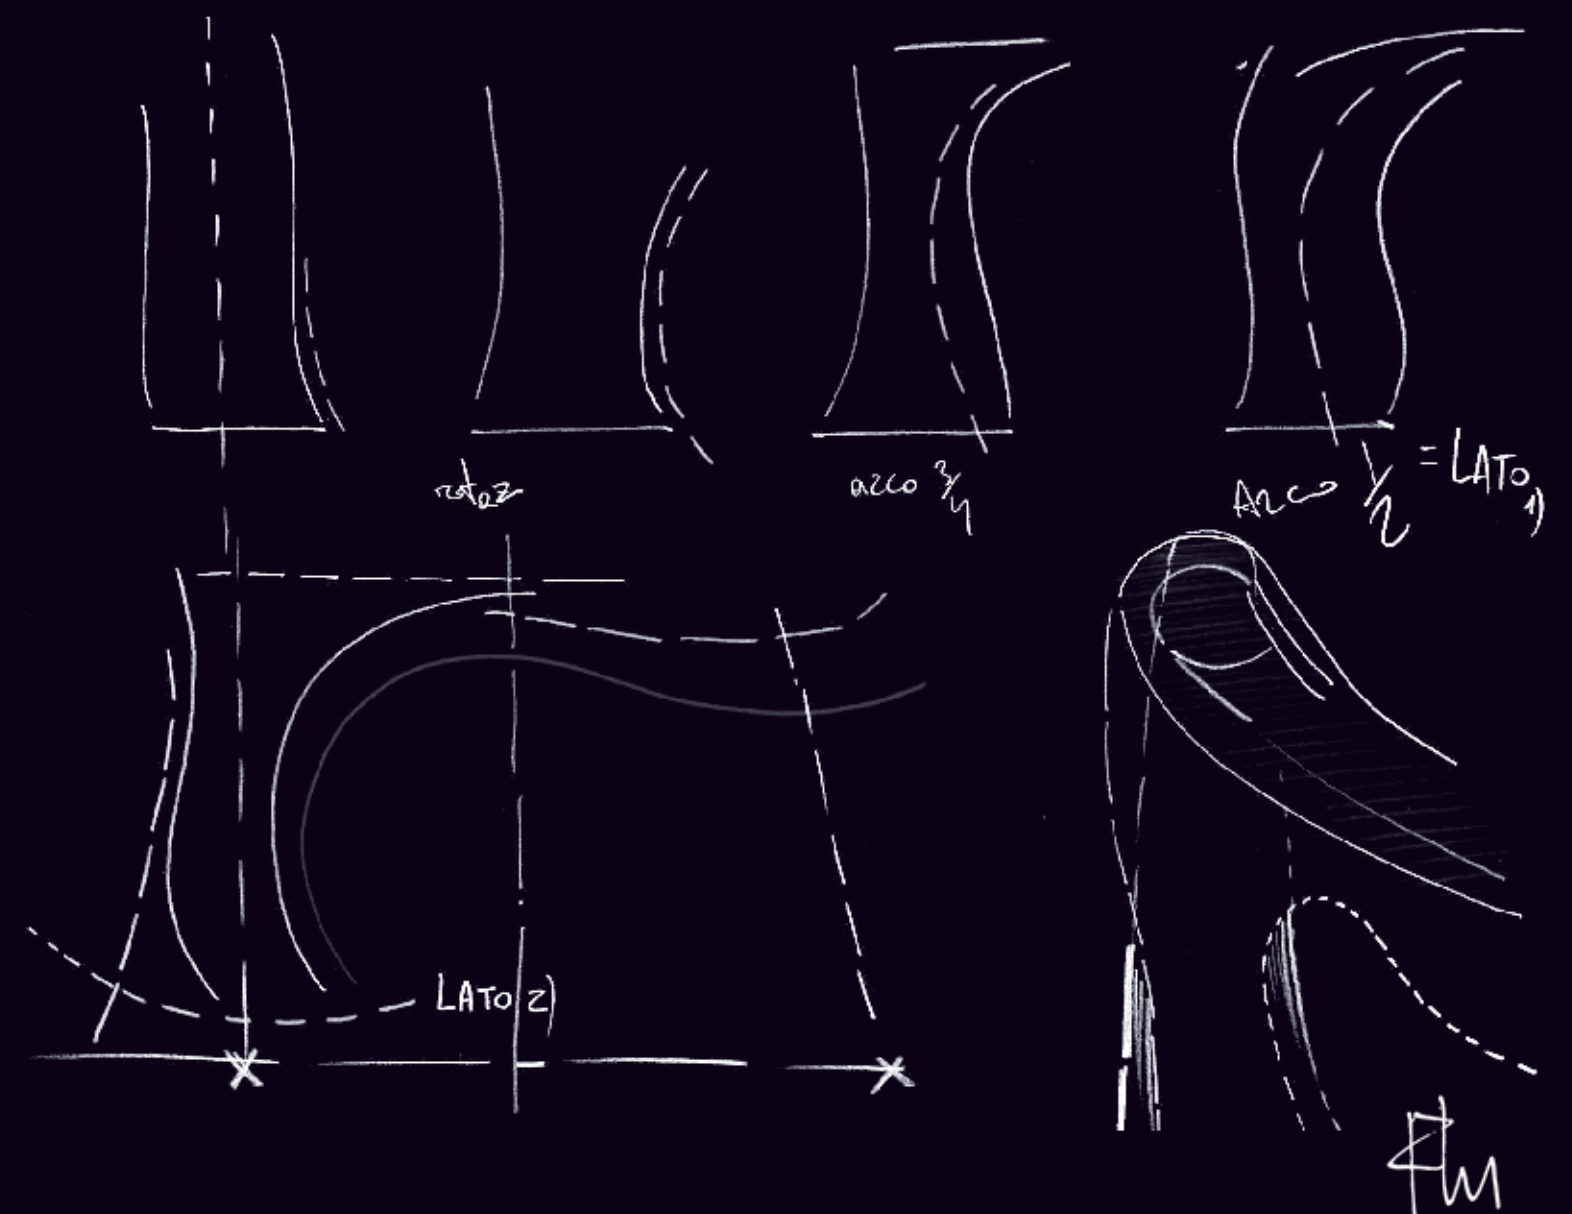

THE CONCEPT

Interpretazioni
Interpretations

«Da ispirazioni provenienti dalla natura siamo passati alle interpretazioni di oggetti di uso quotidiano come i miscelatori, che governano l'uso di un bene prezioso come l'acqua. Abbandonando le forme geometriche quadrate, cilindriche e rettangolari, siamo andati alla ricerca di un oggetto plasmato e multiforme, le cui linee variano di continuo, secondo il punto di osservazione.»

«From the inspirations coming from nature we switched to the interpretations of everyday objects, such as mixers, which govern the use of a precious resource like water. By abandoning the rectangular, cylindrical and square geometric shapes, we went in search of a shaped and multi-faceted object, whose lines vary continuously, depending on the observation point.»

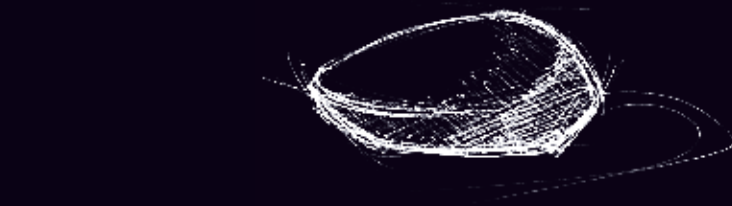

Francis Mulere
SYNERGY DESIGNER

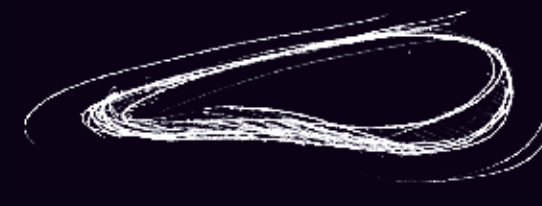

Synergy

THE CONCEPT

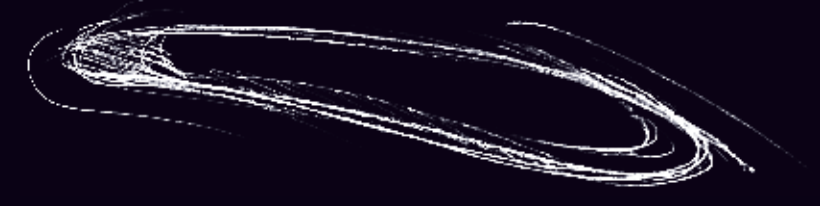

Interpretazioni
Interpretations

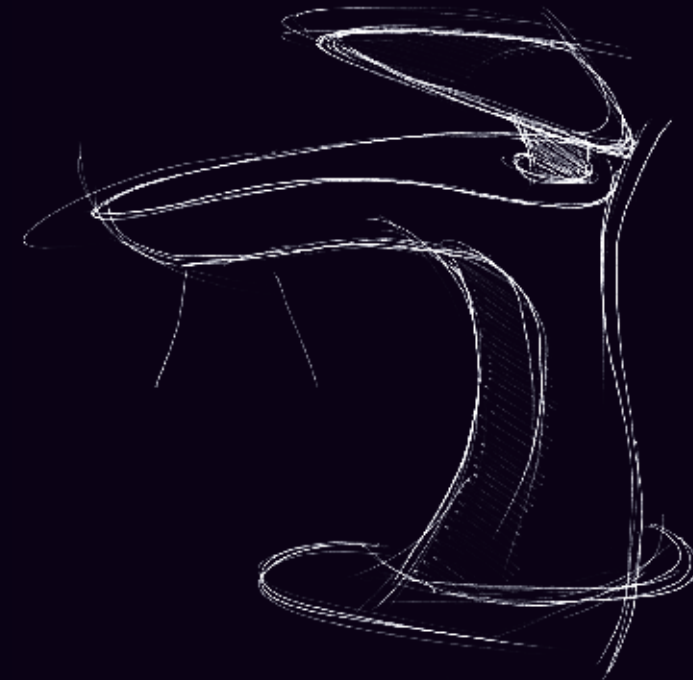

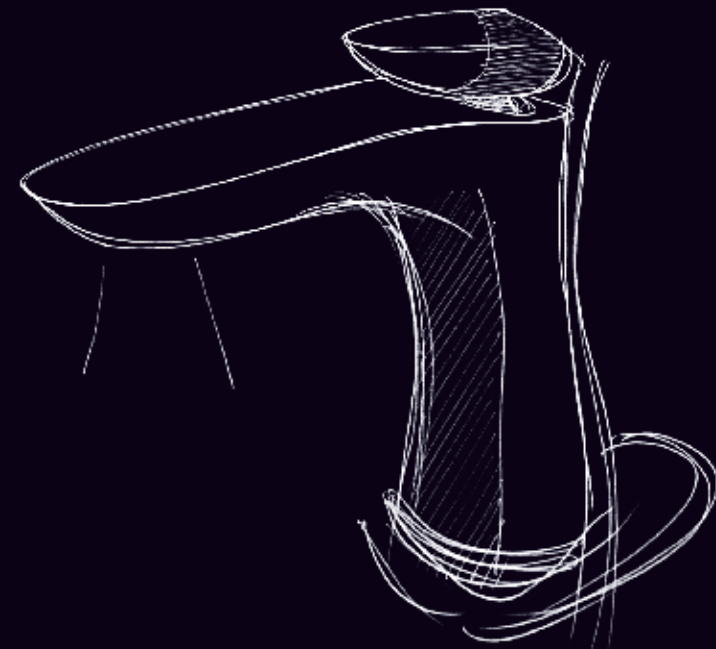

ORIGINAL

TRENDY

CLASSIC

«Il passaggio successivo è stato quello di attribuire all'oggetto più connotazioni, andando ad abbracciare non soltanto un'area di gusto, ma declinandolo in tre mood - original, trendy, classic - favorendo una più ampia scelta.»

14 Per fare ciò siamo andati a intervenire sulla maniglia, l'elemento più caratterizzante di un miscelatore: sono nate così Synergy Stone, Synergy Open e Synergy Cover.»

«The next step was to give the object more connotations, comprising not only an area of taste but declining it in three moods - original, trendy, classic - providing, in this way, a wider choice. We focused on the handle, the most distinctive feature of a mixer, in order to do so: Synergy Stone, Synergy Open and Synergy Cover were born that way.»

franco mulese
SYNERGY DESIGNER

«A completamento del progetto abbiamo voluto approfondire ulteriormente la proposta, inserendo un elemento di colore attraverso la materia: abbiamo scelto DuPont™ Corian®, una materia già conosciuta ma di nuova applicazione nei miscelatori.»

«Before completing the project, we wanted to develop our proposal even further, by including an element of colour through the matter: we chose DuPont™ Corian®, definitely a material already known but also a new application as concerns the mixers.»

NEW
MATERIAL

Synergy

THE CONCEPT

Design nuovo
e innovativo
New and innovative
design

16 synergy «Da qualsiasi angolatura lo si osservi, il miscelatore si mostra come un oggetto sinuoso, estremamente elegante, la cui forma varia di continuo esattamente come le fisionomie assunte dalla materia in natura.»

«Whichever way you look at it, the mixer looks like a sinuous object, extremely elegant, whose shape varies continuously, just like the features taken by matter in nature.»

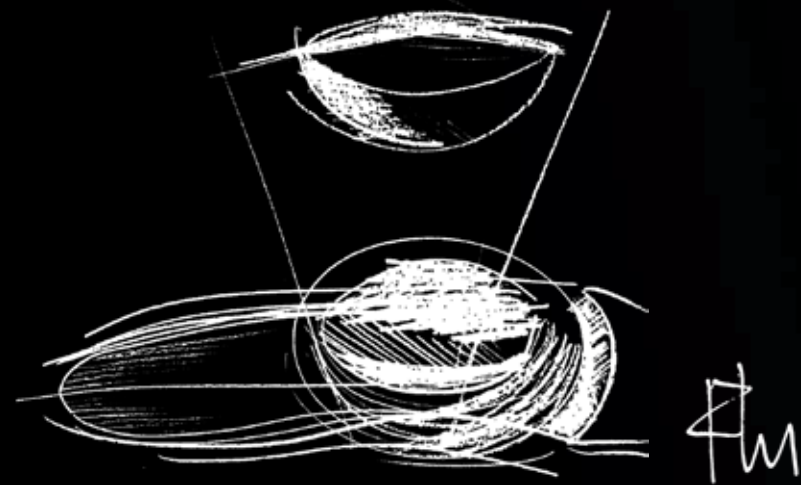

FRANCO MULESE
SYNERGY DESIGNER

Synergy

THE CONCEPT

Realizzazioni - Differenti aree di gusto
Realizations - Different moods

Synergy Stone 95

18 synergy 08
«Per il “mood” original abbiamo immaginato una forma di comando compatta, con una maniglia a forma di sasso, che trae ispirazione dalle pietre compatte e lisce che si trovano in prossimità di mari e fiumi. Una scelta che dà un tocco di originalità.»

«As far as the original “mood” is concerned, we have conceived a compact handle, shaped like a rock, drawing inspiration from the compact and smooth shapes of the stones that can be found near rivers and seas. A choice that adds a touch of originality.»

FRANCO MULESE
SYNERGY DESIGNER

Synergy

THE CONCEPT

Realizzazioni - Differenti aree di gusto
Realizations - Different moods

«Per il “mood” trendy abbiamo pensato a una maniglia dalla forma corta e raccolta che scopre il corpo del miscelatore, facendo risaltare la differenza con la maniglia stessa. Una scelta alla moda, giovane e vivace.»

«As far as the trendy “mood” is concerned, we have conceived a short handle, uncovering the body of the mixer in order to emphasize the difference with the handle itself. A trendy, youthful and lively choice.»

FRANCO MULESE
SYNERGY DESIGNER

Synergy Open 93

Synergy

THE CONCEPT

Realizzazioni - Differenti aree di gusto
Realizations - Different moods

Synergy Cover 94

«Per il “mood” classico,
tradizionale, abbiamo ideato
una maniglia coprente,
in perfetta continuità

22 con la modellazione del corpo.
Una maniglia dalla forma rassicurante
che avvolge il miscelatore.»

«As far as the classic “mood”
is concerned, we have
conceived a covering handle,
in perfect continuity
with the modelling of the body.
A wraparound handle that perfectly
fits the mixer.»

FRANCO MULESE
SYNERGY DESIGNER

Synergy

THE CONCEPT

Materia e colore
Matter and colour

«Abbiamo prestato estrema cura non soltanto allo sviluppo delle forme, ma anche alla scelta dei materiali e dei colori. In abbinamento all'ottone cromato o verniciato che caratterizza il corpo, per le maniglie dei miscelatori e per i soffioni doccia abbiamo scelto DuPont™ Corian®, un materiale estremamente versatile e duraturo, pratico e caldo al tatto, peculiarità che si sposano alla perfezione con il concept di queste collezioni.»

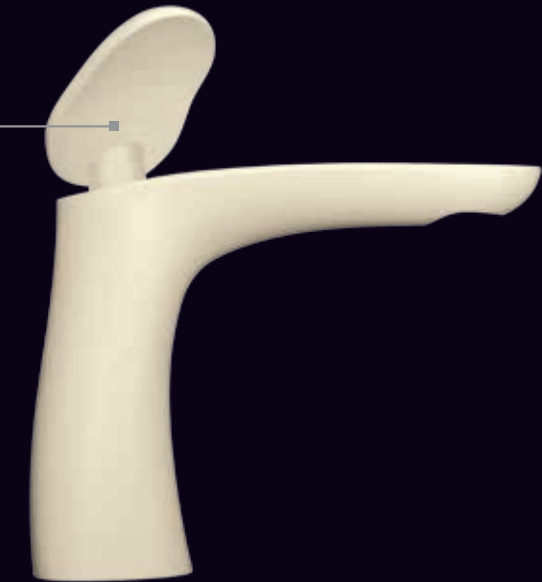

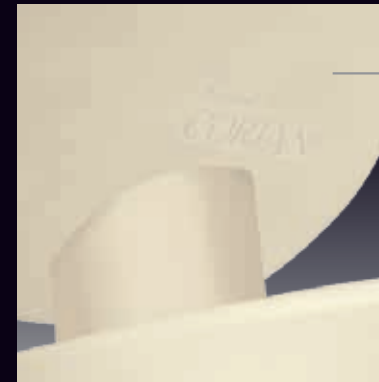

«We have taken great care not only to the development of shapes, but also to the choice of materials and colours. In combination with whether chromed or painted brass that characterizes the body, DuPont™ Corian® we have chosen for mixer handles and shower heads; it is a material that is extremely versatile and durable, practical and warm to the touch, features that perfectly blend with the concept of these collections.»

Synergy

Materia e colore Matter and colour

La completezza del progetto Synergy trova espressione nell'unicità del design nuovo e innovativo, nelle tre aree di gusto in cui viene declinato, ma anche nell'inserimento di nuovi colori attraverso la materia.

Per questa ragione è stato scelto DuPont™ Corian®, un composito avanzato per superfici da arredamento e architettura che si presta a impieghi creativi, design innovativi e applicazioni che durano nel tempo.

Un materiale già molto conosciuto nel mondo dell'arredo bagno, ma di nuova applicazione nel settore delle rubinetterie.

The completeness of the Synergy Project finds its expression in the uniqueness of the new and innovative design, in the three areas in which taste is interpreted, and also by means of the addition of new colours through the matter.

This is the reason why DuPont™ Corian® has been chosen and introduced, an advanced composite material for interior design and architecture surfaces, particularly suitable for creative uses, innovative designs and long-lasting applications.

A material already well known, particularly in the world of bathroom furniture, but a new application in the field of taps.

80 synergy Colori DuPont™ Corian® (finissaggio opaco) a catalogo per le collezioni Synergy:

DuPont™ Corian® colours (matt finishing) available in the catalogue for the Synergy collections:

Glacier White Corian®

Vanilla Corian®

Coffee Bean Corian®

Synergy

Minimal - Warm - Luxury

Insieme al nostro team di architetti, abbiamo voluto caratterizzare la sala da bagno, andando a declinare tre ambientazioni, "minimal", "warm", "luxury".

Ognuna di esse è introdotta da una moodboard di ambienti e da una di materiali, due collage di immagini che esplicitano visivamente elementi, valori e concept legati a ciascuna delle tre declinazioni.

Our goal, together with our team of architects, was to typify the bathroom by creating three bathroom environments, "minimal", "warm", "luxury".

Each of them is introduced by an environment moodboard and by one of materials, two image collages that visually explicit elements, values and concepts related to each of the three variations.

Idee per il Contract Ideas for Contract

Queste pagine si propongono come spunti di riflessione per progettisti e architetti, e rappresentano configurazioni fuori catalogo e su misura, da valutare caso per caso, a seconda delle tipologie di articolo di interesse e dei relativi quantitativi. In questi casi sono disponibili ulteriori possibilità di personalizzazione sugli articoli delle collezioni Synergy.

Per il corpo degli articoli è possibile scegliere un colore all'interno della cartella colori RAL, mentre per le leve dei miscelatori può essere scelta una colorazione tra le moltissime presenti nella tabella colori DuPont™ Corian® e anche la tipologia di finissaggio: non soltanto quello opaco, già previsto a catalogo, ma anche semi-lucido e lucido.

These pages are intended to be food for thought for designers and architects; they are customized configurations out of catalogue, to be evaluated case by case, depending on the article type of interest and the relevant quantities.

In these cases additional customization options concerning the items of the Synergy collections are available.

For the body of the articles it is possible to choose a colour inside the RAL colour chart, while for the handles of the mixers there is the possibility to choose a colouring among the many available in the DuPont™ Corian® colour chart and also the type of finishing: not only matt, already provided in the catalogue, but also semi-shiny and shiny.

Insieme al nostro team di architetti, abbiamo voluto caratterizzare la "sala da bagno contract/project", andando a declinare sette ambientazioni bagno, ciascuna ispirata da situazioni provenienti da varie parti del mondo.

Our aim, together with our team of architects, was to characterize the "Contract/Project bathroom", by creating seven bathroom settings, each inspired by situations coming from various parts of the world.

mediterranean mood contract

ispirato a un project su un'isola mediterranea
based on a project on a mediterranean island

romantic mood contract

ispirato a un project a Parigi
based on a project in Paris

fashion mood contract

ispirato al project di un atelier di moda a Milano
based on the project of a fashion atelier in Milan

pop multicolour mood contract

ispirato al project di un club a Barcellona
based on the project of a club in Barcelona

fitness mood contract

ispirato al project di un centro fitness a Londra
based on the project of a fitness centre in London

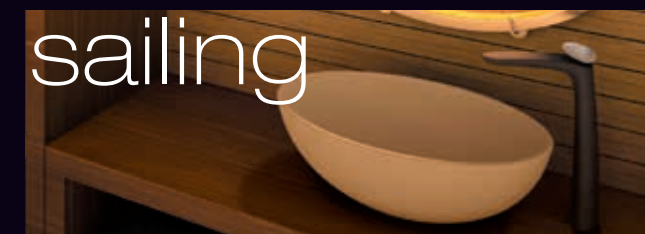

high tech mood contract

ispirato al project di un aeroporto a Shanghai
based on the project of an airport in Shanghai

sailing mood contract

ispirato al project di uno yacht
based on the project of a yacht
